**Email:** [rushithorat3010@gmail.com](mailto:rushithorat3010@gmail.com)

**Phone:** +91-7385997471

**Location:** Pune, Maharashtra

**Portfolio:** <https://rushikeshthorat.netlify.app/>

**GitHub:** <https://github.com/Rushikesh-Thorat/>

**LinkedIn:** <https://www.linkedin.com/in/rushikesh-thorat/>

## OBJECTIVE

Experienced in MERN stack development with strong Java fundamentals and a passion for building responsive applications. A quick learner with strong problem-solving and collaboration skills, eager to contribute to a reputed organization and grow professionally.

## SKILLS

**Programming Skills:** Java, JavaScript, React, Node.js, Express.js, REST APIs, Tailwind CSS, Bootstrap

**Databases:** MySQL, MongoDB

**Tools:** Git, GitHub, Jira, Postman, VS Code, IntelliJ IDEA, Eclipse

**Core Strengths:** Problem-solving, Quick learning, Team collaboration, Attention to detail

## EDUCATION

<b>Master of Computer Applications (MCA)</b> — MES Institute of Management and Career Courses, SPPU <i>Grade: 8.85</i>	<b>2024 – 2026</b> Pune, India
---	-----------------------------------

<b>Bachelor of Business Administration (Computer Applications)</b> — ACS College Narayangaon, SPPU <i>Grade: 8.59</i>	<b>2021 – 2024</b> Pune, India
--	-----------------------------------

<b>HSC (Science)</b> — Trimurti College Newasa, SPPU <i>Percentage: 85.17%</i>	<b>2020 – 2021</b> Ahilyanagar, India
---	--

## PROJECTS

**SolutionBox — Stack Overflow Clone :** *Tech Stack: Node.js, React.js, Express.js, REST API, MongoDB, Postman*

- A QA platform where users can ask questions, post answers, and vote on responses.
- Built using the MERN stack with secure user authentication.
- Designed clean UI components for engaging user interaction.
- Collaborated with teammates to plan, design, and review features during development.
